Dear Chris:

I am writing to thank you for your organization of our basketball tour to Australia in August 2005. We found our dealings with Horizons Sporting Events to be very professional and we appreciated your support in making our tour a great experience.

We found Australia to be the perfect place to bring our team due to the outstanding culture experience as well as the high level of competition.

The tour has prepared us well for the season ahead. In addition to the competition, the experience in a foreign country has provided our players the chance to bond further as a unit.

We certainly have no hesitation in recommending your organization to other USA teams that may be interested in touring Australia. Good luck with your future basketball tours and we look forward to staying in touch.

Sincerely,

Mike Deane
Head Men's Basketball Coach
